### House Appropriations Request FY 2011

**Project Name:** US 220 Corridor - Madison/Mayodan Interconnection  
**Recipient:** Town of Madison  
**Recipient Address:** 120 North Market Street

**Recipient City:** Madison  
**Recipient State:** NC  
**Recipient Zip:** 27025

**Amount of Request:** \$1,089,550

**Explanation of the request (must include purpose and why it is a valuable use of taxpayer funds):**

The project will provide a 16" water main interconnection between the water systems owned and operated by the Towns of Madison and Mayodan located in Rockingham County. The line will be approximately 17,500 LF of 16" water main and all related appurtenances required to provide a complete interconnection between the systems. This connection will allow increased flow and pressure for delivery of water south along the US 220 Corridor. It will also provide for the transfer of water between two regional supply sources. The interconnection will also provide water service between the two towns in the case of an emergency.

Rockingham County has been hit hard by the loss of textile and manufacturing industries making local funding limited and unemployment at a rate higher than that of the national average. Federal funding is needed to help give the Town of Madison the funding it needs to proceed with this project. Construction of the interconnection will certainly help provide jobs to the area.

*In order to offer more opportunity for public scrutiny, I have posted information on each project request submitted to the Appropriations Committee at the time the request was made.*
